BIRD conducts high level programme on new age Digital Banking

BIRD conducted 02 programmes on Digital Banking through its newly constituted Digital Agriculture & Financial Services vertical which aimed to equip banking professionals with the latest skills and knowledge required to navigate the rapidly evolving digital banking landscape. Through expert-led sessions, participants explored key technologies, regulatory frameworks, and best practices to enhance customer experiences and ensure compliance in the digital age. The programme also touched upon critical areas such as digital lending regulations, privacy laws, & information security, ensuring they can navigate the evolving regulatory landscape & protect consumer rights in the digital age.

Offsite Programme for the officials of Economic Division, Ministry of Finance Govt. of India

- ◆ A customized Offsite Programme was conducted for the officials of DEA, GoI by BIRD, Lucknow at its campus from 15 to 17 November 2024. The programme was joined by 26 officers of the department including Chief Economic Advisor, GoI, Dr. V Anantha Nageswaran
- ◆ Focusing on the ‘self-empowerment’ through experiential learning, the participants were made to go through a number of learning activities by Faculty from BIRD, Lucknow & Pegasus Academy to drive home the nuances of positive thinking, Teambuilding, conflict management and work pressure management.
- ◆ A field visit to the floriculture project with polyhouse and cold storage infrastructure and to a goatery based Farmer Producer Organisation promoted by NABARD, was also organized
- ◆ The opportunity was also used by BIRD to discuss rural finance issues and climate change (visit to experiential climate change lab was arranged)
